

# Amplicity

AMPLICITY'S MISSION IS MAKING EV CHARGING EASIER AND MORE ACCESSIBLE BY ELIMINATING BARRIERS, AND CONSTANTLY BRINGING NEW AND INNOVATIVE SOLUTIONS FOR EV CHARGING TO THE MARKET.

Our vision is a green and accessible future by breaking EV charging barriers with a sustainable, commission based business model combined with innovative and easy to use products.

Amplicity has developed solutions for the biggest pain points at EV (electric vehicle) charging. Amplicity's mission is making EV charging easier, barrier free and bringing innovative solutions, as f.e. retrofittable payment terminals for physical credit card payments, but also other innovative solutions for EV charging as f.e.: promotion codes for EV charging that can be generated by the charging station owner and sent to the customer, home charging solutions for company cars, totally barrier free payment options, and more.
