Tyromotion

TYROMOTION IS ONE OF THE WORLD'S LEADING MANUFACTURERS AND SUPPLIERS OF TECHNOLOGY-BASED THERAPEUTIC DEVICES WITH THE GOAL TO SUSTAINABLY IMPROVE PEOPLE'S INDEPENDENCE AND QUALITY OF LIFE.

To accomplish this mission, Tyromotion has developed a therapeutic solution for neurological rehabilitation. Areas of application include Stroke, Multiple Sclerosis, Parkinson's disease or Cerebral Palsy. Powerful new technologies, including robotics, sensor systems, virtual reality, and gamification, accompany the patient through the rehabilitation process more intensively and motivationally.
